

# 13 Essentials

Nano Scale Silica + 12 Nutrients  
Balanced Foliar Feed System

13 Essentials is a balanced formulation of nano-scale silica and 12 essential nutrients needed for proper plant growth. Nano scale particles of 1 - 30 nanometers allow for the greatest nutrient absorption to enhance plant health

4 FL OZ (118ml)

Treats 25 full sized plants through 9 weeks of vegetative and flowering stage

13Essentials.com

## Directions for Use:

**Shake** bottle well before use. Add 1 tsp (5ml) per gallon of water. Mix well and apply with a mist sprayer to the upper and lower sides of the leaf. For best results apply every 7 days. Spray at the start of the lighting cycle. Can be applied when lights are on. Apply during vegetative and flowering period.

## Seed Treatment:

**Soak Seeds** in 13 Essentials solution for 30 minutes and allow to dry before planting.

## Caution:

13 Essentials is certified nontoxic. Keep out of reach of children. Do not ingest. Keep out of contact with eyes, skin or open wounds. In case of accidental exposure, flush with plenty of water. Personal Protective Equipment (PPE) including glasses and eye protection are recommended.

## Storage:

Store at room temperature away from direct light. If product freezes, simply thaw at room temperature.

## Warranty:

**Seller and Manufacturer** is only liable to replace any product proven to be defective. Seller and Manufacturer are not liable for any direct or indirect loss or damage to arising out of the use of this product.
